Ms. Vanusia Nogueira  
Executive Director  
International Coffee Organization

London, 16 April 2024.

Dear Executive Director,

In connection with the recent incident that occurred at the Embassy of Mexico in Quito, Ecuador, on 5 April, the Government of Mexico kindly requests that the Secretariat of the International Coffee Organization (ICO) circulate to Member States of the Organization, for their information, the contents of the communication which I am enclosing herewith, as well as the courtesy translations into English and French.

I take this opportunity to reiterate to you, Madam Executive Director, the assurances of my highest and most distinguished consideration.

Yours sincerely,

Josefa González Blanco Ortíz Mena, 
Ambassador of Mexico to the United Kingdom  
Permanent Representative of Mexico to the International Maritime Organization

AE/NMA
The Permanent Mission of Mexico to the United Nations presents its compliments to the Secretary-General of the United Nations and has the honour to refer to General Assembly resolution 77/108 entitled "Consideration of effective measures to enhance the protection, security and safety of diplomatic and consular missions and representatives" and bring to his attention, in accordance with paragraph 11 (a), the serious violations committed by the Republic of Ecuador against the Embassy of Mexico in that country and its diplomatic personnel.

On the night of Friday, 5 April 2024, security forces of the Republic of Ecuador deployed an operation in the vicinity of the Embassy of Mexico in Quito, which culminated in the unauthorized entry of security personnel and vehicles to the Embassy, physically attacking diplomatic personnel and removing a person to whom Mexico had granted protection in the form of political asylum.

These actions constitute a flagrant violation of international law, in particular to provisions contained in article 22 of the Vienna Convention on Diplomatic Relations (VCDR), whereby Ecuador’s agents are not allowed to enter the Embassy of Mexico, and obliged to take all appropriate measures to protect the Embassy against any intrusion or damage and to prevent any disturbance of the peace of the mission.

It is especially worth underscoring that Ecuadorian armed security forces attacked the integrity and dignity of the Deputy Chief of Mission of the Embassy of Mexico by pushing and violently subduing him to the ground, keeping him detained on his knees. This is a clear violation of article 29 of the VCDR, which provides that the person of a diplomatic agent shall be inviolable, imposing an obligation on the receiving State to treat him with due respect and to take all appropriate measures to prevent any attack on his person, freedom or dignity.

As a result of these actions that contravene international law and basic rules of international relations, Mexico broke diplomatic and consular relations with the Republic of Ecuador on the same day that the aforementioned events took place.

Consequently, and considering the lack of guarantees from the Republic of Ecuador to protect the Embassy against any intrusion or damage and to protect Mexico’s diplomatic personnel in that country from any attack on their life and dignity, Mexico immediately withdrew its accredited personnel in Ecuador.
Mexico requested Ecuador to provide the necessary safeguards for the departure of Mexican personnel, ensuring that, in Mexican territory, Ecuadorian personnel, as well as its premises, would enjoy all guarantees to safeguard their security and integrity. Mexico requests that Ecuador provide the same guarantees, according to article 45(a) of the VCDR.

The violent and unauthorized entry, and the attack against the person and dignity of the Deputy Chief of Mission of the Embassy of Mexico in Ecuador are serious violations of the international legal order. Additionally, Ecuador's constant and reiterated expression of the suitability and necessity of the violations in this specific case, clearly demonstrate that, for the government of Ecuador, respect for the norms of international law and the pursuit of solutions other than the use of force are optional.

In light of these flagrant, acknowledged and reiterated unlawful conducts, on 11 April 2024, Mexico requested that the International Court of Justice initiate proceedings so that the highest international court shall declare Ecuador internationally responsible and issue the reparation measures provided for in international law, commensurate with the severity of the violations committed.

The Permanent Mission of Mexico kindly requests of the Secretary-General that this communication and its annexes be circulated among Member States of the United Nations for their knowledge, according to the provisions of paragraph 12 (b) of aforementioned resolution 77/108 and that it be included in the agenda of the General Assembly under item “Consideration of effective measures to enhance the protection, security and safety of diplomatic and consular missions and representatives.” Attached herewith is a timeline of events and photographic material.

The Permanent Mission of Mexico to the United Nations avails itself of this opportunity to renew to the Secretary-General of the United Nations the assurances of its highest consideration.

New York, 12 April 2024.
